ELS

Design like nothing ELS e.

The famous Australian Made, Australian Grown (AMAG) logo is the true mark of Aussie authenticity. It's Australia's most trusted, recognised and widely used country of origin symbol, and is underpinned by a third-party accreditation system which ensures products that carry the logo are certified as 'genuinely Australian'.

Efficient Lighting Systems is proud to have the strong backing of the Australian Made campaign across all Flute Product Ranges.

Australian made like nothing **ELSe.**

## Our commitment to designing and building luminaires that last.

Efficient Lighting Systems understands the importance of creating sustainable, quality luminaires that are built to last. This commitment to designing and producing quality luminaires is controlled through the use of the highest quality components and our strict quality control processes from design through to delivery.

This commitment ensures our luminaires are built to last and this is why we back this claim with a 7 year warranty for all Flute Product Ranges. Our specialty extended 10 year warranty is offered on an individual project basis, upon assessment.

## FLUTE RANGE

### Modern Design like nothing ELSE.

The Flute range is a boldly minimalistic variation on existing atmospheric pendant lights. Inspiration for the collection's clean lines came from the amazing seed pod shape of the Australian Catalpa Cigar Tree. The design creates an intriguing interplay between horizontal and vertical luminous cigar tubes, levitating in space above a range of stunning interiors.

The diffused glow of the tubes elicits a dynamic ambience, while the alternating finishes provide a degree of provocation. The Flute offers atmospheric room lighting as well as lighting for offices, hospitality interiors, boardrooms and retirement living and aged care.

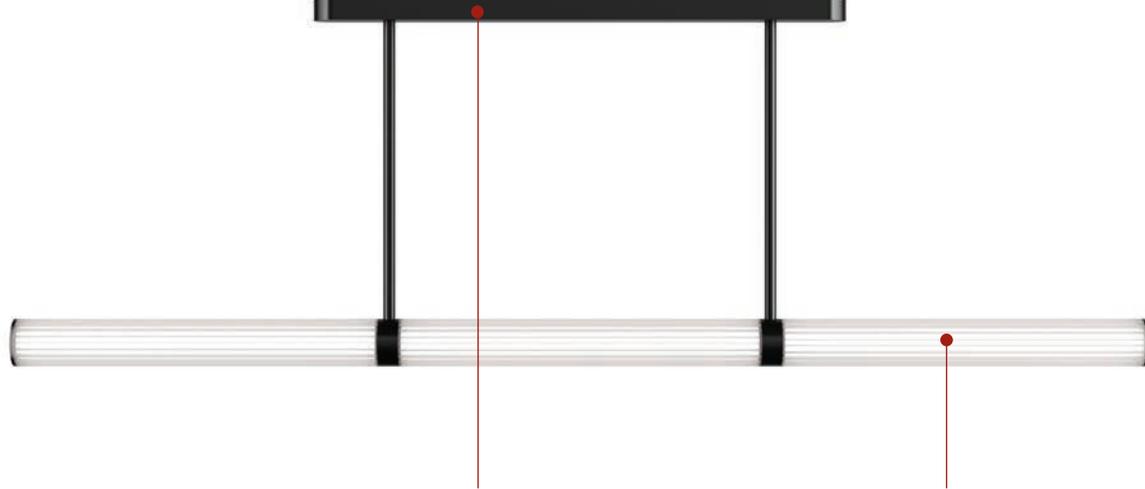

## Customisation like nothing ELSE.

The Flute premium lighting design by ELS stands for the synthesis of exquisite design, superior quality, and remarkable craftsmanship of the highest quality. German manufactured glass is used throughout Europe in various high-end interiors by Lighting Designers.

The Flute product, a combination of precision German glass with other refined materials, can be customised to any specification such as manually pressed metal, or various powder coat finishes. At ELS we create bold lighting solutions that challenge the boundaries and norm, of contemporary design.

03 No visible fixings

01 Exceptional LED performance

02 Optional opal polycarbonate diffuser

03 German manufactured fluted glass

## FEATURES

### 01 PERFORMANCE

- 90+ CRI
- Available as 2700K, 3000K or 4000K
- Non dimming, DALI dimming or Casambi dimming

### 02 MOUNTING

- Available as vertical pendant, horizontal pendant and wall mounted
- Each mounting style available in two sizes

### 03 CONSTRUCTION

- German manufactured fluted glass or opal polycarbonate
- Australian made precision machined metalware
- No visible fixings
- IP44 Rated

## Flexibility like nothing ELSE.

Our Flute range can be used across commercial and residential architectural settings. Providing design flexibility, our luminaires offer various mounting styles, providing flexible illumination and lighting suitable to their specific installation.

Our lighting system features integrated electrics and wiring, with the option of either fluted glass or opal polycarbonate depending on the installation and use required. The suspended Flute provides direct task lighting to work surfaces with a slight shade to focus the light down and is positioned just above head height. The flexibility of the ELS Flute Range is never ending.

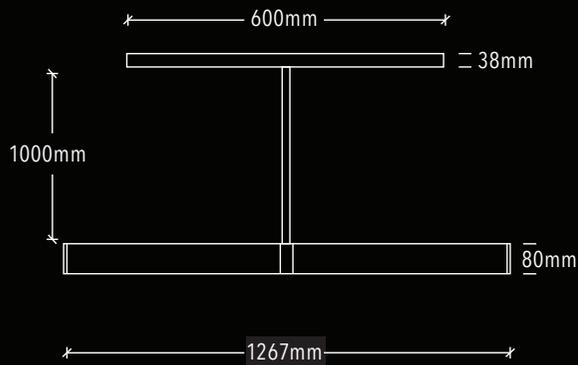

## Performance like nothing ELSE.

It's a well known fact that lighting closely resembling natural sunlight is flattering, making our Flute Range an ideal choice for restrooms where occupants tend to apply makeup and beautify.

Our Flute range is IP44 rated as standard and offers a suite of high performance, beautifully designed luminaires. When installed in multiples above the vanity, the ambient light of our Flute luminaires bathes the room in a veil of warmth, lending a sense of airiness.

The complimentary light created by our range casts an atmosphere and glow, worthy of sharing on socials.
