

# VERSALINE™ 27 | 1198 TRACK

Miniature linear luminaire for track mounting

# E L S

## Product Description

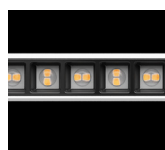

Versatile and flexible would be the best words to describe the genius of the Versaline 27 dual optic luminaire. Presented in a long, sleek housing the Versaline 27 features a patented clip system for easy installation without tools. Which means it can also be relocated just as easily after installation.

Versaline is versatile too in lighting control. It is available as either non dim, DALI or Casambi versions. This brilliant luminaire uses the Dual Optic System to control glare and maintain beam control and is available as a diffused lighting version.

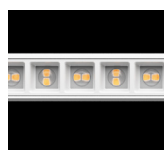

## Product Details

Absolute luminous flux	2284lm - 3814lm
